

ReliAble euROpean Identity EcoSystem

Reduce identity crimes by setting up a reliable identity ecosystem that strengthens the link between physical documents and biometric and digital identities.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 700085. Any dissemination of results here presented reflects only the consortium view. The Research Executive Agency is not responsible for any use that may be made of the information it contains.
